

Health and Safety Risk Management for General Contractors (OGCA Gold Seal Course 2008)

This course, designed by **Norm Keith**, B.A., LL.B., CRSP, a leading employment and labour lawyer and author of *Canadian Health & Safety Law*, will assist managers and supervisors to understand Ontario Health and Safety Law and how to achieve due diligence. The course will give students the tools to establish and improve company health and safety programs, to monitor them, and to minimize corporate costs and exposure to personal and corporate liability.

Topics covered include:

- Managing health and safety risk
- Costs of accidents and injuries
- Introduction to the OHS Act and Bill C-45
- Internal Responsibility System
- Duties of workplace parties
- Safety committees and representatives
- Work refusal and stoppages
- WHMIS and TDG
- MOL inspectors and workplace inspections
- Supervisory functions and duties
- Prosecution policies and process
- Introduction to Construction Regulations
- Critical health and safety issues for general contractors
- Workers' compensation claims management
- Accident investigation and emergency response
- OHS due diligence and case studies
- Protecting organizations and supervisors from the MOL
