

2015 Safety Area Award for The Walsh Group

Walsh Canada won the 2015 Matthew Myles Walsh II (MMWII) Founders National Safety Area Award, which is considered to be the most prestigious award anyone can receive at the Walsh Group. This is one of the proudest achievements to date for Walsh Canada, as their office was selected from over 30 business units from across The Walsh Group as having the most outstanding safety performance and culture in 2015.

In their relatively short history, Walsh Canada has established a strong and vibrant safety culture that has flourished across all of our offices and project sites. Winning the MMWII Area Award is the culmination of the extraordinary efforts that all of our employees make toward maintaining safe projects day in and day out, which truly makes this award a team accomplishment.
