Leadership in Protecting Ontario's Workers

WE BUILD ONTARIO
ONTARIO GENERAL CONTRACTORS ASSOCIATION

NATIONAL COR STANDARD™ Certified by IHSA.ca Work Safe for Life

The Certificate of Recognition (COR™) is a national standard for the measurement and continuous improvement of workplace health and safety systems in Canada. It has been gaining momentum in Ontario over the past few years, particularly with buyers of construction. Come out and hear from a panel of industry leaders as they share their stories and experiences in achieving COR™.

Newcomers will also be welcomed into the League of Champions, an initiative that exists to help companies build safety culture and be recognized for their leadership. The League of Champions is a catalyst for safety improvement in individual companies and the industry as a whole.

Minister of Labour Kevin Flynn, WSIB President Thomas Teahen, and Chief Prevention Officer George Gritziotis will address new prevention initiatives.

About IHSA

IHSA's vision is workplaces without injuries, illnesses, or fatalities.

IHSA is the leading developer and provider of prevention solutions for work environments involving high-risk activities such as working at heights, working with energized high-voltage power systems, powerline technician apprenticeship, driving motor vehicles, transporting dangerous goods, working on suspended access equipment, and utility line clearing.

We engage with our member firms, workers, and other stakeholders to help them continuously improve their health and safety performance. We do this by providing effective and innovative sector-specific programs, products, and services.

Find out what we can do for you at **ihsa.ca**

About OGCA

Conceived over 75 years ago from a desire to bridge the gap between national and regional associations, the OGCA continues to ensure that the interests of general contractors and the construction industry are not overlooked. As far back as the first meeting, the OGCA's stated objective was the protection and advancement of the interests of the general contractors and the safety of our workers in the province.

Today, safety is an OGCA strategic goal and we work closely with members of the government, IHSA, and our members to eliminate workplace injuries. This 6th Annual Leadership Day challenges members to focus on their commitment and leadership and to share their stories of success with others.
