

ONTARIO BUILDER AWARDS

ONTARIO GENERAL CONTRACTORS ASSOCIATION

2019 ONTARIO BUILDER AWARDS

The 2019 Ontario Builder Awards are looking for your latest and greatest projects. Whether it is a professional office building, restaurant, department store, waste water treatment plant, church or a long term care facility, whatever the project is, we want to see it. Some of the greatest achievements in history are buildings constructed by General Contractors like you. In fact, some of you may have built them! Projects must have reached substantial completion between January 1, 2016 and December 15, 2018.

Blue Mountain Resort's new Conference Facility

This year, we are focusing on receiving as many submissions as we can, with the intention of populating the OGCA website with the winning projects. If you and your team have built a building, a bridge, a recycling plant, or anything else, send in your project.

HANDY REFERENCE GUIDE

BUILDINGS COMMERCIAL / INSTITUTIONAL

Apartment	Arena
Assisted Living Centre	Auditorium
Bank	Call Centre
Church	College / School
Commercial Building	Community Centre

*THANK YOU TO THE
ONTARIO BUILDERS AWARDS
JUDGING COMMITTEE*

We're on the Web.
www.ogca.ca

PLEASE NOTE:

Awards will only be presented to each of the following:

- General Contractor
 - Owner
 - Prime Consultant
 - top 3 major subtrades
- Paper Certificates can be purchased for \$2.00 per additional subtrade.

Awards will be presented at the 11th Construction Symposium, April 11–13, 2019 at Blue Mountain Resort

Here's how it works:

1. Select the project of your choice. Use the handy Reference Guide to determine which category to enter – Buildings (Commercial/Institutional) or Industrial Builds (Industrial/Infrastructure/Civil). Judging will be based on the building itself, and not the architectural merit.
2. Select the appropriate photos to submit in hard copy and in digital format. If you don't have any at hand, ask the Architect, Design Professional, Engineer or Owner as they will usually have photos at various stages of the project.
3. a) Complete the **Project Entry Form**, and remember to include the information for the Owner, Prime Consultant and other Consultants. Sign and date the form. Please ensure the correct spelling of all company names as these will be engraved on the awards if your project is selected by the judges.
b) Complete a **Credit Sheet** listing all subcontractors and major suppliers to the project. NOTE: Only the top three subcontractors or suppliers will receive an award.
c) **Project Fact Sheet**—outline the basic project information (project type, construction team, general dimensions, area, construction time, project completion date, etc.).
d) **Project Narrative**—please provide a detailed description of your scope for this project. This should include type of construction, difficulty, complexity, innovations, creative solutions, physical size of the project, contract value, length of project, and other information you feel is pertinent to the project, and as per the judging criteria. Indicate clearly the contract cost and final cost, and contract completion and actual completion, and elaborate on reasons for any differences. Your “on time / on budget” score will be based on verification from the Owner, Prime Consultant, or Architect.
e) Include **Letters of Commendation** from the Owner, Prime Consultant and a major subtrade advising of their satisfaction with the project and with your services.
f) **Safety** – describe the safety program used on site – regular tool box talks, inspections, policies, etc. Include project LTI and incident data, as well as a copy of your firm's CAD-7 (or MAPP) sheet from WSIB.
g) **Environmental / Sustainability** – include reference to the environmental aspects (e.g. LEED) of the project, and include a copy of your firm's environmental policy.
h) **Photographs**—please provide a minimum of three (maximum of 5) 4” x 6” photos, as well as digital photos on CD or flash drive (**photos must be in .jpg format only—do not include them in a Word document**). Please include a brief description of each photo. Applicants must obtain the rights from their photographer to reprint the photos without limitations.
4. All submission documents must be contained in a standard 1” binder. Included in your binder must be a CD or flash drive containing the photos of your submission, as well as the complete documentation. Please ensure you use one binder per submission.
5. Submit your completed package to the OGCA prior to the December 15 deadline. Entries must be Ontario-built and Projects must have reached substantial completion between January 1, 2016 and December 15, 2018.
6. Entering the competition constitutes your agreement that all materials submitted become the property of the OGCA. The material may then be used as OGCA sees fit to develop various promotional documents. The person submitting the entry is responsible for obtaining all necessary releases from all parties (owner, photographer, etc.) prior to entering a project in the competition.
7. Judging will be completed by January 15, and the award winners will be announced shortly thereafter. The awards will be presented at the Construction Symposium, April 11-13, 2019.

A COPY OF THE PROJECT ENTRY FORM IS ATTACHED.

PLEASE SUBMIT ALL ENTRIES BY DECEMBER 15, 2018
